Feedback letter:-

Dear Sir/Madam,

This is Kola (m/o) of Kevin  
happy to write about the Great Institute  
Moxuti Seva. I am proud to say that  
my son is a pride student of this great  
school.

I like to thank the Founder  
Dr. Ramalingam Sir and the principal mam  
Mrs. Visalakshi for giving me this opportunity  
to share my views about the school.

Moxuti Seva is really a special  
school not only bcoz of his special  
needs kids but also the special  
potential it has to handle the  
kids.

Special approach of Moruti Seva Institute  
which makes it a stand-alone speciality

School when comparing with other special

Schools are

\* Brain gym exercises

\* Thirukural exercises

\* Individual Education Programme

\* Weekly test analysis

\* Evaluation approach

\* Occupational therapy Service

\* Brain gym and Thirukural Exercises :-

The kids in school starts their  
day with brain-gym exercises which  
activates their energy buttons of brain  
to learn and be active all day.

They do thirukural exercise to  
make their day fully potential and energetic

2

Saying Thirukural is also the best-tongue twisters which helps kids in improving their speech and bringing clarity in speech.

### \* Individual Education Programme (IEP):-

After assessing the kid, they set an unique protocol for each and every kid based on their needs to

learn. Especially the education aids are prepared by teachers on their own under the guidance of Sir and madam on weekly basis.

### \* Weekly test:-

Every friday a weekly-test approach is followed, it is signed by Sir and madam to check the kid

level of understanding.

Also to make the kid get a

revision of whole week process.

\* Evaluation process :-

Evaluation is the most unique

approach when compared to other special

Schools. Bcoz evaluation is like exams

not only for the kids but also for the

teachers and parents to know what the

children have learnt.

Through evaluation the parents

understands their kids potential, which is

an important gate-way for the special-need

kids parents.

It happens in Quarterly, Half-yearly

and Annually basis, to give the complete

picture of each kid.

## \* Occupational therapy Service:-

The School provides the occupational therapy which is much needed physical activity for kids to get calm and settle through specialized therapists.

Finally they maintain a file for each kid to show the progress of development in all levels for our kids.

Moruti Seva is a Service School in this money-minded special school era, where the entire system of school like teachers, drivers, house-keeping mates all treat our kids as their own children in such a safer way which makes us happy and feel as the kids are in our hands safe.

Maruti Seva School stands like a  
Sun in midst of all others, and  
makes the special kids to shine and  
make their family bright.

Thank you

Yours faithfully

Wishu
